[America: A Narrative History: Amazon.de: George Brown ...](#)

Tindall and Shi's survey of U.S. history is the best I have encountered. It is long, detailed, sometimes dry, but it provided exactly the depth of knowledge and analysis for which I was looking. It is not a book for light-weights. If you desire the intellectual and conversational confidence that comes with mastery of a subject, particularly one as germane to our everyday lives as American history, then you want this book.

It goes beyond mere narrative to offer insightful commentary, but it never feels merely opinionated. If my school can summon the funds, I will suggest this for student use, both for the clarity of the exposition and as a good model of subtly artful historical writing.
